

## Simplify. Get your customers connected—while saving time!

In an effort to upgrade our services, HM Cragg now offers Relay and SNMP card installation and configuration services. Save time by having authorized HM Cragg personnel install and configure your UPS cards before the units are shipped! No matter the size of your order, we can help you simplify your process and get your customers connected.

Our experienced Technical Engineers will ensure your customers' UPS solution is configured for optimal performance and proper integration into their existing monitoring system, allowing simple, out-of-the-box network monitoring solutions.

*Contact your Regional Sales Representative to see how HM Cragg can simplify your UPS orders with Relay and SNMP card installation and configuration services!*
