Price Change Announcement – Eaton Critical Power & Digital Infrastructure

Dear Valued Customer,

Eaton Critical Power & Digital Infrastructure (former Power Quality) will implement a list price change, effective **July 15th, 2023**. Actual increases and decreases will vary by product type.

As a manufacturer of power infrastructure products, we experience a multitude of changes that can affect our pricing models. While maintaining full integrity, meeting stringent quality standards, and protecting the interests of our shareholders, we continually strive to offer products at the best possible market prices in order to meet customer expectations. Any of the following factors can contribute to our pricing changes:

- Competitor price behavior
- Product feature enhancements
- Product elasticity
- Materials cost/availability (e.g. lead for batteries)
- Global economic conditions
- Local/state/federal laws & policies
- Quality and recertification
- Supply chain changes

We appreciate your support and continued efforts to promote and sell Eaton products and services. If you have questions concerning the price increase, please contact your local sales engineer.

Sincerely,
Eaton Critical Power & Digital Infrastructure
Pricing Team
CPDIPricing@eaton.com

Eaton Critical Power & Digital Infrastructure CPDI - Price Change Notification

Effective: July 15, 2023

Catalog #	Description	Current U.S. list price	New U.S. list price	Material Price Group	U.S. percent change
Configured Product:					
Samsung lithium ion battery cabinets will have a price decrease of 10% on average.					
9395 UPS will have a price increase of 20% on average.					
9395P High Performance UPS will have a price reduction of 14% on average.					
Standard Product:
