

Maximize uptime with UPS services

With a new year approaching, it's the ideal time to ensure your customers' backup power solutions are in tip-top shape.

HM Cragg and Eaton offer a comprehensive portfolio of UPS services to keep business running smoothly and provide you with a source of recurring revenue.

- Expert preventive maintenance
- Around-the-clock emergency support
- Extended warranties
- Equipment modernization services

Replacement batteries for single- and three-phase UPS systems are also readily available.

Choose HM Cragg and Eaton for reliability, expertise and a shared commitment to your success.

Contact your HM Cragg sales representative for more information.
